Not the best kills. one thing they need to fix is that when you buy the dlc you shouldnt have to level up to play but what i seenit seems worth buying. Lowkey ripoff. Its pretty goo butts just for ONE Jason?! I mean the kills are awesome but it could be worth 1\$

. Awesome kills, whats 3 bucks?. Don't get me wrong these kills are amazing, but three dollars isn't worth the price of three kills on one Jason. If it was for all Jasons then I would say "Yes", but right now it isn't worth it.

I say wait to get this dlc on sale for a very cheap price.. Why didnt i read the description, I initially read the title as "Friday the 13th: The Game - Jason Part 4 Pig Splitter Pack" I purchased this thinking i would instantly unlock Jason Part 4 as a new character to use, Which later i found out that you can only unlock the character in game at level 44, So not only have i wasted money on useless nothing, its useless nothing i cannot use! I also want to mension this is \u00a3 for 3 "Kill Moves" you are paying for afew animations in game, Which in theory should be avaible to unlock within the game not for money.. Too expensive for what you get

. Moar kills is moar kills! Thank you GUN!!! Before you vote this down for being "too little content", please consider the cost and time that goes into implementing these into a game. The motion capture sensor suits alone!. Love these. They're more gruesome than normal :D

ITSA SPICY MEATBALL!!!!

all 3 kills are really gruesome and gucci kills, ya should get it. Good dlc please add new dlcs. These. Three. Kills. Are. Awesome. If you like performing kills as Jason and you wanna make REALLY brutal stuff, go purchase it.

Jason is a real Butcher now.

13V10. The people who complain about the price tag of a few dollars for something that is cosmetic doesn't make sense. If the price was too low for cosmetic animations then everyone would buy them, which defeats the purpose of buying them. The people who don't buy it are the ones that make me stand out, thanks. If the price was lower I actually wouldn't buy it because everyone would and it would decrease the novelty in game. The fact the ratio of people complaining to not complaining is like 50/50 is actually good. If you can't afford it don't buy it, I'll be happy to show off my distinctive purchase in game to everyone who doesn't have it.. HOLY THESE KILLS ARE BRUTAL AND CLEAN AS
